

**AEGD COMPETENCY AND PROFICIENCY
STATEMENT CERTIFICATION SHEETS**

STATEMENT	TYPE OF EVIDENCE OR DOCUMENTATION	CERTIFICATION BY: NAME/SIGNATURE
1. Function as a patient's primary, and comprehensive, oral health care provider (P)		
2. Explain and discuss with patients, or parents or guardians of patients, findings, diagnoses, treatment options, realistic treatment expectations, patient responsibilities, time requirements, sequence of treatment, estimated fees and payment responsibilities in order to establish a therapeutic alliance between the patient and care provider. (C)		
3. Integrate multiple disciplines into an individualized, comprehensive, sequenced treatment plan using diagnostic and prognostic information for patients with complex needs. (P)		
4. Modify the treatment plan, if indicated, based on unexpected circumstances or patient's individual needs. (C)		
5. Diagnose and manage a patient's occlusion. (C)		
6. Manage uncomplicated diseases and abnormalities of the pediatric patient. (C)		
7. Treat patients efficiently in a dental practice setting. (C)		PCC/Faculty
8. Use scheduling systems and insurance and financial arrangements to maximize production in dental practice. (C)		Office Manager
9. Support the program's mission statement by acting in a manner to maximize patient satisfaction in a dental practice. (C)		
10. Use and implement accepted <i>sterilization</i> , disinfection, universal precautions and occupational hazard prevention procedures in the practice of dentistry. (C)		
		Dental Assistant

STATEMENT	TYPE OF EVIDENCE OR DOCUMENTATION	CERTIFICATION BY: NAME/SIGNATURE
11. Provide patient care by working effectively with allied dental personnel, including performing sit down, four-handed dentistry. (C)		
12. Provide dental care as a part of an interprofessional health care team such as that found in a hospital, institution, or community health care environment. (C)		Hygienist/PCC
13. Demonstrate the application of the principles of ethical reasoning, ethical decision making and professional responsibility as they pertain to the academic environment, research, patient care and practice management.(C)		
14. Participate in organized dentistry.(C)		
15. Evaluate scientific literature and other sources of information to determine the safety and effectiveness of medications and diagnostic, preventive, and treatment modalities, and make appropriate decisions regarding the use of new and existing medications, procedures, materials, and concepts. (C)		
16. Maintain a patient record system that facilitates the retrieval and analysis of the process and outcomes of patient treatment. (C)		
17. Analyze the outcomes of patient treatment to improve that treatment. (C)		
18. Utilize a system for continuous quality improvement in a dental practice. (P)		
19. Use selected business systems in dental practice including marketing, scheduling patient flow, record keeping, insurance financial arrangement, and continuing care systems.(C)		Office Manager
20. Select and use assessment techniques to arrive at a differential, provisional and definitive diagnosis for patients with complex needs. (C)		

STATEMENT	TYPE OF EVIDENCE OR DOCUMENTATION	CERTIFICATION BY: NAME/SIGNATURE
21. Obtain and interpret the patient's chief complaint, medical, dental, and social history, and review of systems. (P)		
22. Obtain and interpret appropriate clinical and radiographic data and additional diagnostic information from other health care providers or other diagnostic resources. (P)		
23. Use the services of clinical, medical, and pathology laboratories and refer to other health professionals for the utilization of these services. (P)		
24. Perform a limited history and physical evaluation and collect other data in order to establish a risk assessment for dental treatment and use that risk assessment in the development of a dental treatment plan. (P)		
25. Diagnose and manage common oral pathological abnormalities including soft tissue lesions. (C)		
26. Participate in community programs to prevent and reduce the incidence of oral disease. (C)		
27. Use accepted prevention strategies such as oral hygiene instruction, nutritional education, and pharmacologic intervention to help patients maintain and improve their oral and systemic health. (C)		
28. Treat patients with a broad variety of acute and chronic systemic disorders and social difficulties including patients with special needs. (C)		
29. Develop and carry out dental treatment plans for patients with special needs in a manner that considers and integrates those patient's medical, psychological, and social needs. (C)		
30. Perform dental and medical consultations for patients in a health care setting. (C)		
31. Use pharmacologic agents in the treatment of dental patients. (P)		
32. Provide control of pain and anxiety in the conscious patient through the use of psychological interventions, behavior management techniques, local anesthesia, and oral and nitrous oxide conscious sedation techniques. (C)		

STATEMENT	TYPE OF EVIDENCE OR DOCUMENTATION	CERTIFICATION BY: NAME/SIGNATURE
33. Prevent, recognize, and manage complications related to use and interactions of drugs, local anesthesia, and conscious sedation. (C)		
34. Restore single teeth with a wide range of materials and methods. (P)		
35. Place restorations and perform techniques to enhance patient's facial esthetics. (P)		
36. Restore endodontically treated teeth. (P)		
37. Treat patients with missing teeth requiring removable restorations. (P)		
38. Treat patients with missing teeth requiring uncomplicated fixed restorations. (P)		
39. Communicate case design with laboratory technicians and evaluate the resultant prostheses. (P)		
40. Manage uncomplicated endosseous implant restorations. (C)		
41. Diagnose and treat early and moderate periodontal disease using nonsurgical and surgical procedures. (C)		
42. Manage advanced periodontal disease. (C)		
43. Evaluate the results of periodontal treatment and establish and monitor a periodontal maintenance program. (C)		
44. Diagnose and treat pain of pulpal origin. (P)		
45. Perform uncomplicated non-surgical anterior endodontic therapy. (P)		
46. Perform uncomplicated non-surgical posterior endodontic therapy. (C)		
47. Treat uncomplicated endodontic complications. (P)		
48. Manage complex endodontic complications. (C)		
49. Perform surgical and nonsurgical extraction of teeth. (P)		

STATEMENT	TYPE OF EVIDENCE OR DOCUMENTATION	CERTIFICATION BY: NAME/SIGNATURE
50. Extract uncomplicated soft tissue impacted wisdom teeth. (C)		
51. Perform uncomplicated pre-prosthetic surgery. (C)		
52. Perform biopsies of oral tissues. (C)		
53. Treat patients with complications related to intra-oral surgical procedures. (C)		
54. Treat patients with intra-oral dental emergencies and infections. (P)		
55. Anticipate, diagnose and provide initial treatment and follow-up management for medical emergencies that may occur during dental treatment. (C)		
56. Treat intraoral hard and soft tissue lesions of traumatic origin. (C)		
57. Recognized and manage facial pain of TMJ origin. (C)
