

Student of the Day (SOD) Evaluation

Goals of the SOD:

1. To enable all students to achieve competence with the Periodontal charting and classification system
2. To encourage teamwork among classmates
3. To enhance the clinical learning experience by enabling students to observe each other's techniques
4. To introduce students to teaching through peer review experiences
5. To enable dental hygiene clinic sessions to run more efficiently

- ☐ Assisted Multiple Classmates with Set UP and Break Down of Operatories
- ☐ Assisted Multiple Classmates with Delivery of Patient Care, especially charting and periodontal classifications
- ☐ Facilitated and Managed DDS Exam requests for clinical providers
- ☐ Helpful in taking radiographs and interpreting with classmates
- ☐ Professionalism, particularly when handling requests from other classmates and faculty

Date: _____

Comments:
